

## Postdoctoral Researcher for MSCA (m/f/d)

(Fulltime 40h/Week)

### About the job

We are a medium-sized biotechnology company with a strong research-oriented focus located in the heart of Munich. Our work includes the following research areas:

- RNA-Technology (RNA-Therapeutics, LNP-Technology)
- Hydrogen/Deuterium-Technology in Biology, Electrolysis
- Biotechnological Gas-Fermentations

With Silantes as host, you have the opportunity to apply for a research grant within the framework of the MSCA (Marie Skłodowska Curie Actions) for one of the above-mentioned projects. Further information on the MSCA programme can be found here:

[https://ec.europa.eu/research/mariecurieactions/msca-actions\\_en](https://ec.europa.eu/research/mariecurieactions/msca-actions_en)

### You should meet the following requirements:

- A PhD in a natural science discipline earned within the last eight years
- A good publication record
- Be a citizen of a country other than Germany

Please send your application documents, stating the earliest possible starting date, to [career@silantes.com](mailto:career@silantes.com).
